Excelsior and Pineroft Volunteer Fire Companies presented financial information as well as issues affecting their operations. Hazel Bilka gave a presentation on activities at the library as well as the impact of potentially not receiving a contribution from the School District. She explained that not getting the normal \$10K contribution will result in an additional loss of \$10K in matching State funds. The organizations were provided with their respective contributions as they are listed in the proposed 2015 Budget.

The Manager presented an overview of the proposed 2015 Operating & Capital Budgets for all funds including the proposed Capital five-year plan.
