The 2021 Budget Workshop was called to order at 6:00.

Jessica Cameran presented information about activities at the library and requested our contribution remain at the same level as this year.

Lori Del Biondo presented a brief review of the proposed capital budget noting that since the operating budget includes a millage increase, there would be no transfers from the Capital Reserve fund to the Stormwater Fund for the MS4 obligation.

Randy presented a quote received from Groff for a Case 580SN backhoe at a cost of \$97,500. Randy also recommended that we keep the current backhoe to be used at the compost site and as a backup when equipment maintenance and repairs are needed. The board was in agreement with Randy that we should keep the current backhoe as a back-up. On the motion of Supervisor Smith, seconded by Supervisor Worthing, followed by a 5-0 yes roll call vote authorization was given to purchase the backhoe as presented at a cost of \$97,500.

The meeting adjourned at 7:15 PM.
